

I graduated from Freed-Hardeman University in Henderson, TN in 1999 with a degree in Business Administration & Marketing; however, different jobs and opportunities led me to Payroll about 4 years later. I have been working with Century II Staffing as a Payroll Specialist since 2002. Working for a PEO has been a great opportunity for me as a payroll professional because it has given me a diverse range of knowledge and experience in many industries. As a result of wanting to become the “payroll expert” in my company, I earned my CPP in April of 2010 and continue to look for ways to challenge myself and grow in this career. When I’m not at work I can be found enjoying God’s blessings in life with my husband Sid, and our Sharpei Roxy.
